The Trilogy collection mixes a refined selection of the most sought-after white marbles quarried from the most renowned sites in the world: Italy and Greece. Shades represent the common theme between these precious stones which have been carefully selected for their bright white color and gray veins that vary depending on the original material, giving each a unique appeal and enhancing its own identity. Thanks to the reputation and the look of the natural stone, marble-look surfaces can be matched with different types of interior styles, from the most classic and elegant to the modern ones.
